

# Product datasheet for AM08047BT-N

## CD49e / ITGA5 Rat Monoclonal Antibody [Clone ID: 5H10-27]

### **Product data:**

#### **Product Type: Primary Antibodies Clone Name:** 5H10-27 FC **Applications: Recommended Dilution: Flow Cytometry:.** < / = 1 $\mu$ g/10e6 cells. (Ref.1) **Reactivity:** Mouse Host: Rat Isotype: lgG2a **Clonality:** Monoclonal Immunogen: C57BL/6 x A/J F1 mouse mast cell line MC/9. (Ref.1) Specificity: This antibody is specific to alpha-5 subunit of the integrin alpha-5 beta-1 Fibronectin Receptor. It reacts with the alpha-5 chain (VLA-5) of the CD49e/CD29 heterodimeric Fibronectin Receptor. (Ref.1-5) Soluble 5H10-27 antibody inhibits VLA-5-mediated functions in vitro. (Ref.1,2-4,6) Immobilized 5H10-27 has also been demonstrated to co-stimulate the proliferative response of CD8+ T cells to plate-bound anti-CD3 monoclonal antibody. (Ref.3) Formulation: PBS containing 0.09% Sodium Azide as preservative. Label: Biotin State: Liquid purified lg fraction. **Concentration:** lot specific **Conjugation:** Biotin Store the antibody undiluted at 2-8°C for one month or (in aliquots) at -20°C for longer. Storage: Avoid repeated freezing and thawing. Stability: Shelf life: one year from despatch. Gene Name: integrin alpha 5 (fibronectin receptor alpha) Database Link: Entrez Gene 16402 Mouse P11688

	CD49e / ITGA5 Rat Monoclonal Antibody [Clone ID: 5H10-27] – AM08047BT-N
Background:	Integrin alpha 5 belongs to the integrin alpha chain family. Integrins are heterodimeric integral membrane proteins composed of an alpha chain and a beta chain. This gene encodes the integrin alpha 5 chain. Alpha chain 5 undergoes post translational cleavage in the extracellular domain to yield disulfide linked light and heavy chains that join with beta 1 to form a fibronectin receptor. In addition to adhesion, integrins are known to participate in cell surface mediated signalling. It is expressed on thymocytes, activated T cells, mast cells, and a variety of mouse cell lines.
Synonyms:	Integrin alpha-5, Fibronectin receptor subunit alpha, Integrin alpha-F, VLA-5, VLA5, FNRA
