

## Product datasheet for **AM32142PU-N**

### Colorectal Carcinoma Mouse Monoclonal Antibody [Clone ID: CC-1]

#### Product data:

Product Type:	Primary Antibodies
Clone Name:	CC-1
Applications:	IHC
Recommended Dilution:	<b>Immunohistochemistry on Frozen Sections</b> (1/10): This antibody can be used for immuno peroxidase staining on acetone or ethanol fixed frozen tissue sections.
Reactivity:	Human
Host:	Mouse
Isotype:	IgM
Clonality:	Monoclonal
Specificity:	Detects Colon Carcinoma in Human samples. This antibody is a marker for colon carcinoma's.
Formulation:	State: Supernatant State: Tissue Culture Supernatant Preservative: 0.09% Sodium Azide
Conjugation:	Unconjugated
