

Product datasheet for BA390

RNA5-8SN2 Human Recombinant Protein

Product data:

Product Type:	Recombinant Proteins
Description:	Human Laminin is supplied as an immunoaffinity purified protein.
Species:	Human
Expression Host:	Placenta
Concentration:	0.5 mg/ml
Purity:	> 95 % pure by SDS-PAGE.
Buffer:	TRIS buffered saline, pH 8.2 without additives.
Preparation:	Liquid purified protein.
