

Product datasheet for **CF500819**

DCXR Mouse Monoclonal Antibody [Clone ID: OTI4H10]

Product data:

Product Type:	Primary Antibodies
Clone Name:	OTI4H10
Applications:	FC, WB
Recommended Dilution:	WB 1:1000, Flow 1:100
Reactivity:	Human
Host:	Mouse
Isotype:	IgG1
Clonality:	Monoclonal
Immunogen:	Full length human recombinant protein of human DCXR (NP_057370) produced in HEK293T cell.
Formulation:	Lyophilized powder (original buffer 1X PBS, pH 7.3, 8% trehalose)
Reconstitution Method:	For reconstitution, we recommend adding 100uL distilled water to a final antibody concentration of about 1 mg/mL. To use this carrier-free antibody for conjugation experiment, we strongly recommend performing another round of desalting process. (OriGene recommends Zeba Spin Desalting Columns, 7KMWCO from Thermo Scientific)
Purification:	Purified from mouse ascites fluids or tissue culture supernatant by affinity chromatography (protein A/G)
Conjugation:	Unconjugated
Storage:	Store at -20°C as received.
Stability:	Stable for 12 months from date of receipt.
Predicted Protein Size:	25.9 kDa
Gene Name:	dicarbonyl and L-xylulose reductase
Database Link:	NP_057370 Entrez Gene 51181 Human Q7Z4W1
Background:	DCXR is an enzyme that has both diacetyl reductase (EC 1.1.1.5) and L-xylulose reductase (EC 1.1.1.10) activities

[View online »](#)

Synonyms: DCR; HCR2; HCR11; KIDCR; P34H; PNTSU; SDR20C1; XR

Protein Families: Druggable Genome

Protein Pathways: Metabolic pathways, Pentose and glucuronate interconversions

Product images:

HEK293T cells were transfected with the pCMV6-ENTRY control (Left lane) or pCMV6-ENTRY DCXR ([RC200023], Right lane) cDNA for 48 hrs and lysed. Equivalent amounts of cell lysates (5 ug per lane) were separated by SDS-PAGE and immunoblotted with anti-DCXR. Positive lysates [LY402535] (100ug) and [LC402535] (20ug) can be purchased separately from OriGene.

HEK293T cells transfected with either pCMV6-ENTRY DCXR ([RC200023]) (Red) or empty vector control plasmid (Blue) were immunostained with anti-DCXR mouse monoclonal ([TA500819]), and then analyzed by flow cytometry.
