# Product datasheet for CF802590

## Ornithine Carbamoyltransferase (OTC) Mouse Monoclonal Antibody [Clone ID: OTI2G6]

#### **Product data:**

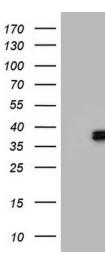

| Product Type:           | Primary Antibodies   |
|-------------------------|--|
| Clone Name:             | OTI2G6   |
| Applications:           | IHC, WB  |
| Recommended Dilution:   | WB 1:2000  |
| Reactivity:             | Human, Mouse, Rat  |
| Host:                   | Mouse  |
| lsotype:                | lgG2a  |
| Clonality:              | Monoclonal   |
| Immunogen:              | Human recombinant protein fragment corresponding to amino acids 33-354 of human OTC<br>(NP_000522)produced in SF9 cell.  |
| Formulation:            | Lyophilized powder (original buffer 1X PBS, pH 7.3, 8% trehalose)  |
| Reconstitution Method:  | For reconstitution, we recommend adding 100uL distilled water to a final antibody concentration of about 1 mg/mL. To use this carrier-free antibody for conjugation experiment, we strongly recommend performing another round of desalting process. (OriGene recommends Zeba Spin Desalting Columns, 7KMWCO from Thermo Scientific) |
| Purification:           | Purified from mouse ascites fluids or tissue culture supernatant by affinity chromatography<br>(protein A/G)   |
| Conjugation:            | Unconjugated   |
| Storage:                | Store at -20°C as received.  |
| Stability:              | Stable for 12 months from date of receipt.   |
| Predicted Protein Size: | 36.1 kDa   |
| Gene Name:              | ornithine transcarbamylase   |
| Database Link:          | <u>NP_000522</u><br><u>Entrez Gene 18416 MouseEntrez Gene 25611 RatEntrez Gene 5009 Human</u><br><u>P00480</u>   |

|                  | Ornithine Carbamoyltransferase (OTC) Mouse Monoclonal Antibody [Clone ID: OTI2G6] –<br>CF802590  |
|------------------|--|
| Background:      | This nuclear gene encodes a mitochondrial matrix enzyme. Missense, nonsense, and<br>frameshift mutations in this enzyme lead to ornithine transcarbamylase deficiency, which<br>causes hyperammonemia. Since the gene for this enzyme maps close to that for Duchenne<br>muscular dystrophy, it may play a role in that disease also. [provided by RefSeq, Jul 2008] |
| Synonyms:        | OCTD; OTCD   |
| Protein Families | : Druggable Genome   |
| Protein Pathway  | rs: Arginine and proline metabolism, Metabolic pathways  |
|                  |  |

### **Product images:**

HEK293T cells were transfected with the pCMV6-ENTRY control (Left lane) or pCMV6-ENTRY OTC ([RC214662], Right lane) cDNA for 48 hrs and lysed. Equivalent amounts of cell lysates (5 ug per lane) were separated by SDS-PAGE and immunoblotted with anti-OTC.

Immunohistochemical staining of paraffinembedded Human liver tissue within the normal limits using anti-OTC mouse monoclonal antibody. ([TA802590]) Dilution: 1:150
