

Product datasheet for CH14100-50

Calca Chicken Polyclonal Antibody

Product data:

Product Type:	Primary Antibodies
Applications:	IHC
Reactivity:	Rat
Host:	Chicken
Clonality:	Polyclonal
Formulation:	State: Purified
Gene Name:	calcitonin-related polypeptide alpha
Database Link:	Entrez Gene 24241 Rat
Synonyms:	Calcitonin gene-related peptide I, Alpha-type CGRP, CALC1, CGRP-I

Product images:

Expression of calcitonin gene-related peptide (CGRP) and SNAP-25 in trigeminal ganglion neurons. The expression of CGRP (A) and SNAP-25 (B) are shown in the entire trigeminal ganglion obtained from an untreated adult animal. At higher magnification, neuronal processes (arrows) expressing both CGRP (C) and SNAP-25 (D) that extend from neuronal cell bodies in one cluster to another cluster are observed. Neuronal processes expressing SNAP-25 are also observed within neuronal clusters (E). Headache: The Journal of Head and Face Pain, Volume 47, Issue 7, Page 1008-1023, Jul 2007, doi: 10.1111/j.1526-4610.2007.00854.x
