| Product Type:                                           | Frozen Sections                              |
|---------------------------------------------------------|----------------------------------------------|
| Disease State:                                          | Other Disease                                |
| Diagnosis Category:                                     | Fatty Changes To Liver                       |
| Tissue:                                                 | Liver                                        |
| Frozen Sample ID:                                       | FR5B33BFD4                                   |
| Case ID:                                                | CI0000013348                                 |
| Tissue of Origin:                                       | Liver                                        |
| Site of Finding:                                        | Liver                                        |
| Appearance:                                             | L                                            |
| Sample Diagnosis (from<br>Pathology Verification):      | Fatty changes to liver                       |
| Normal:                                                 | 0%                                           |
| Lesional:                                               | 100%                                         |
| Tumor:                                                  | 0%                                           |
| Tumor Hypo/Acellular<br>Stroma:                         | 0%                                           |
| Tumor Hypercellular<br>Stroma:                          | 0%                                           |
| Necrosis:                                               | 0%                                           |
| Pathology Verification<br>notes from H&E review:        | Non Tumor Structures: 95% Lobules, 5% Triads |
| CASE Diagnosis (from<br>medical center path<br>report): | Adenocarcinoma of colon, metastatic          |
| Age:                                                    | 43                                           |
| Gender:                                                 | Male                                         |
| Race:                                                   | Black or African American                    |
