

# Product datasheet for CS557876

### Frozen Tissue Sections, Parotid gland

#### **Product data:**

| Product Type:   | Frozen Sections                  |
|---|----------------------------------|
| Disease State:  | Other Disease                    |
| Diagnosis Category:                                     | Benign Tumors                    |
| Tissue:   | Salivary gland                   |
| Frozen Sample ID:                                       | FR0003B498                       |
| Case ID:  | CI700000263                      |
| Tissue of Origin:                                       | Parotid gland                    |
| Site of Finding:  | Parotid gland                    |
| Appearance:   | т                                |
| Sample Diagnosis (from<br>Pathology Verification):      | Tumor of parotid gland, Warthins |
| Normal:   | 0%                               |
| Lesional:   | 0%                               |
| Tumor:  | 90%                              |
| Tumor Hypo/Acellular<br>Stroma:                         | 0%                               |
| Tumor Hypercellular<br>Stroma:                          | 10%                              |
| Necrosis:   | 0%                               |
| CASE Diagnosis (from<br>medical center path<br>report): | Tumor of parotid gland, Warthins |
| Age:  | 66                               |
| Gender:   | Female                           |
| Race:   | White or Caucasian               |
| Tumor Grade:  | Not Reported                     |

| <b>PORIGENE</b> Frozen Tissue Sections, Parotid gland – CS557876 |  |
|--|--|
| Minimum Stage<br>Grouping:                                       | Not Reported   |
| T (Extent of Primary<br>Tumor):                                  | Not Reported   |
| N (Lymph node<br>metastasis):                                    | Not Reported   |
| M (Distant metastasis):  | Not Reported   |
| Storage:   | Store frozen tissue sections at -80°C.   |
| Stability:   | All frozen tissue sections are stable for 1 year from date of purchase if stored at -80°C without repeated freeze/thaws. |
