### **Tissue FFPE Sections, Intervertebral disc**

#### **Product data:**

| Product Type:   | FFPE Sections                       |
|---|-------------------------------------|
| Disease State:  | Normal                              |
| Diagnosis Category:                                     | Normal                              |
| Tissue:   | Intervertebral disc                 |
| Frozen Sample ID:                                       | PA0000591D                          |
| Case ID:  | CU000005993                         |
| Tissue of Origin:                                       | Intervertebral disc                 |
| Site of Finding:  | Intervertebral disc                 |
| Appearance:   | Normal                              |
| Sample Diagnosis (from<br>Pathology Verification):      | Within normal limits                |
| Normal:   | 100%                                |
