

## Product datasheet for **GA102236**

### Human HRC activation kit by CRISPRa

#### Product data:

|               |                                                                                          |
|---------------|------------------------------------------------------------------------------------------|
| Product Type: | CRISPRa Kits                                                                             |
| Description:  | HRC CRISPRa kit - CRISPR gene activation of human histidine rich calcium binding protein |
| Symbol:       | HRC                                                                                      |
| UniProt ID:   | <u><a href="#">P23327</a></u>                                                            |
| Synonyms:     | MGC133236                                                                                |
| Format:       | 3 gRNAs (5ug each), 1 scramble ctrl (10ug) and 1 enhancer vector (10ug)                  |
