| Product Type: | CRISPRa Kits                                                                                                                                                                                                                                                                                                  |
| Description:  | ANKS1A CRISPRa kit - CRISPR gene activation of human ankyrin repeat and sterile alpha motif domain containing 1A                                                                                                                                                                                              |
| Symbol:       | ANKS1A                                                                                                                                                                                                                                                                                                        |
| Components:   | GA108196G1, ANKS1A gRNA vector 1 in pCas-Guide-GFP-CRISPRa (GE100074)<br>GA108196G2, ANKS1A gRNA vector 2 in pCas-Guide-GFP-CRISPRa (GE100074)<br>GA108196G3, ANKS1A gRNA vector 3 in pCas-Guide-GFP-CRISPRa (GE100074)<br>1 CRISPRa-Enhancer vector, SKU GE100056<br>1 CRISPRa scramble vector, SKU GE100077 |
| UniProt ID:   | <u><a href="#">Q92625</a></u>                                                                                                                                                                                                                                                                                 |
| Synonyms:     | ANKS1                                                                                                                                                                                                                                                                                                         |
| Format:       | 3 gRNAs (5ug each), 1 scramble ctrl (10ug) and 1 enhancer vector (10ug)                                                                                                                                                                                                                                       |
