| Product Type: | CRISPRa Kits                                                                                                                                                                                                                                                                                                     |
| Description:  | TMEM14A CRISPRa kit - CRISPR gene activation of human transmembrane protein 14A                                                                                                                                                                                                                                  |
| Symbol:       | TMEM14A                                                                                                                                                                                                                                                                                                          |
| Components:   | GA109185G1, TMEM14A gRNA vector 1 in pCas-Guide-GFP-CRISPRa (GE100074)<br>GA109185G2, TMEM14A gRNA vector 2 in pCas-Guide-GFP-CRISPRa (GE100074)<br>GA109185G3, TMEM14A gRNA vector 3 in pCas-Guide-GFP-CRISPRa (GE100074)<br>1 CRISPRa-Enhancer vector, SKU GE100056<br>1 CRISPRa scramble vector, SKU GE100077 |
| UniProt ID:   | <a href="#">Q9Y6G1</a>                                                                                                                                                                                                                                                                                           |
| Synonyms:     | C6orf73; PTD011                                                                                                                                                                                                                                                                                                  |
| Format:       | 3 gRNAs (5ug each), 1 scramble ctrl (10ug) and 1 enhancer vector (10ug)                                                                                                                                                                                                                                          |
