| Product Type: | CRISPRa Kits                                                                                                                                                                                                                                                                                                  |
| Description:  | TMEM69 CRISPRa kit - CRISPR gene activation of human transmembrane protein 69                                                                                                                                                                                                                                 |
| Symbol:       | TMEM69                                                                                                                                                                                                                                                                                                        |
| Components:   | GA109675G1, TMEM69 gRNA vector 1 in pCas-Guide-GFP-CRISPRa (GE100074)<br>GA109675G2, TMEM69 gRNA vector 2 in pCas-Guide-GFP-CRISPRa (GE100074)<br>GA109675G3, TMEM69 gRNA vector 3 in pCas-Guide-GFP-CRISPRa (GE100074)<br>1 CRISPRa-Enhancer vector, SKU GE100056<br>1 CRISPRa scramble vector, SKU GE100077 |
| UniProt ID:   | <a href="#">Q5SWH9</a>                                                                                                                                                                                                                                                                                        |
| Synonyms:     | C1orf154                                                                                                                                                                                                                                                                                                      |
| Format:       | 3 gRNAs (5ug each), 1 scramble ctrl (10ug) and 1 enhancer vector (10ug)                                                                                                                                                                                                                                       |
