| Product Type: | CRISPRa Kits                                                                                                                                                                                                                                                                                                     |
| Description:  | MOV10L1 CRISPRa kit - CRISPR gene activation of human Mov10 like RISC complex RNA helicase 1                                                                                                                                                                                                                     |
| Symbol:       | MOV10L1                                                                                                                                                                                                                                                                                                          |
| Components:   | GA110108G1, MOV10L1 gRNA vector 1 in pCas-Guide-GFP-CRISPRa (GE100074)<br>GA110108G2, MOV10L1 gRNA vector 2 in pCas-Guide-GFP-CRISPRa (GE100074)<br>GA110108G3, MOV10L1 gRNA vector 3 in pCas-Guide-GFP-CRISPRa (GE100074)<br>1 CRISPRa-Enhancer vector, SKU GE100056<br>1 CRISPRa scramble vector, SKU GE100077 |
| UniProt ID:   | <u><a href="#">Q9BXT6</a></u>                                                                                                                                                                                                                                                                                    |
| Synonyms:     | CHAMP; DJ402G11.8                                                                                                                                                                                                                                                                                                |
| Format:       | 3 gRNAs (5ug each), 1 scramble ctrl (10ug) and 1 enhancer vector (10ug)                                                                                                                                                                                                                                          |
