| Product Type: | CRISPRa Kits                                                                                                                                                                                                                                                                                                     |
| Description:  | DEPDC1B CRISPRa kit - CRISPR gene activation of human DEP domain containing 1B                                                                                                                                                                                                                                   |
| Symbol:       | DEPDC1B                                                                                                                                                                                                                                                                                                          |
| Components:   | GA110971G1, DEPDC1B gRNA vector 1 in pCas-Guide-GFP-CRISPRa (GE100074)<br>GA110971G2, DEPDC1B gRNA vector 2 in pCas-Guide-GFP-CRISPRa (GE100074)<br>GA110971G3, DEPDC1B gRNA vector 3 in pCas-Guide-GFP-CRISPRa (GE100074)<br>1 CRISPRa-Enhancer vector, SKU GE100056<br>1 CRISPRa scramble vector, SKU GE100077 |
| UniProt ID:   | <u><a href="#">Q8WUY9</a></u>                                                                                                                                                                                                                                                                                    |
| Synonyms:     | BRCC3; XTP1                                                                                                                                                                                                                                                                                                      |
| Format:       | 3 gRNAs (5ug each), 1 scramble ctrl (10ug) and 1 enhancer vector (10ug)                                                                                                                                                                                                                                          |
