| Product Type: | CRISPRa Kits                                                                                                                                                                                                                                                                                                     |
| Description:  | SLC30A5 CRISPRa kit - CRISPR gene activation of human solute carrier family 30 member 5                                                                                                                                                                                                                          |
| Symbol:       | SLC30A5                                                                                                                                                                                                                                                                                                          |
| Components:   | GA112196G1, SLC30A5 gRNA vector 1 in pCas-Guide-GFP-CRISPRa (GE100074)<br>GA112196G2, SLC30A5 gRNA vector 2 in pCas-Guide-GFP-CRISPRa (GE100074)<br>GA112196G3, SLC30A5 gRNA vector 3 in pCas-Guide-GFP-CRISPRa (GE100074)<br>1 CRISPRa-Enhancer vector, SKU GE100056<br>1 CRISPRa scramble vector, SKU GE100077 |
| UniProt ID:   | <u><a href="#">Q8TAD4</a></u>                                                                                                                                                                                                                                                                                    |
| Synonyms:     | ZnT-5; ZNT5; ZNTL1; ZTL1                                                                                                                                                                                                                                                                                         |
| Format:       | 3 gRNAs (5ug each), 1 scramble ctrl (10ug) and 1 enhancer vector (10ug)                                                                                                                                                                                                                                          |
