| Product Type: | CRISPRa Kits                                                                                                                                                                                                                                                                                               |
| Description:  | LRFN4 CRISPRa kit - CRISPR gene activation of human leucine rich repeat and fibronectin type III domain containing 4                                                                                                                                                                                       |
| Symbol:       | LRFN4                                                                                                                                                                                                                                                                                                      |
| Components:   | GA112299G1, LRFN4 gRNA vector 1 in pCas-Guide-GFP-CRISPRa (GE100074)<br>GA112299G2, LRFN4 gRNA vector 2 in pCas-Guide-GFP-CRISPRa (GE100074)<br>GA112299G3, LRFN4 gRNA vector 3 in pCas-Guide-GFP-CRISPRa (GE100074)<br>1 CRISPRa-Enhancer vector, SKU GE100056<br>1 CRISPRa scramble vector, SKU GE100077 |
| UniProt ID:   | <a href="#">Q6PIG9</a>                                                                                                                                                                                                                                                                                     |
| Synonyms:     | FIGLER6; SALM3; SALM3.                                                                                                                                                                                                                                                                                     |
| Format:       | 3 gRNAs (5ug each), 1 scramble ctrl (10ug) and 1 enhancer vector (10ug)                                                                                                                                                                                                                                    |
