| Product Type: | CRISPRa Kits                                                                                                                                                                                                                                                                                               |
| Description:  | TMEM246 CRISPRa kit - CRISPR gene activation of human transmembrane protein 246                                                                                                                                                                                                                            |
| Symbol:       | PGAP4                                                                                                                                                                                                                                                                                                      |
| Components:   | GA113497G1, PGAP4 gRNA vector 1 in pCas-Guide-GFP-CRISPRa (GE100074)<br>GA113497G2, PGAP4 gRNA vector 2 in pCas-Guide-GFP-CRISPRa (GE100074)<br>GA113497G3, PGAP4 gRNA vector 3 in pCas-Guide-GFP-CRISPRa (GE100074)<br>1 CRISPRa-Enhancer vector, SKU GE100056<br>1 CRISPRa scramble vector, SKU GE100077 |
| UniProt ID:   | <u><a href="#">Q9BRR3</a></u>                                                                                                                                                                                                                                                                              |
| Synonyms:     | C9orf125                                                                                                                                                                                                                                                                                                   |
| Format:       | 3 gRNAs (5ug each), 1 scramble ctrl (10ug) and 1 enhancer vector (10ug)                                                                                                                                                                                                                                    |
