| Product Type: | CRISPRa Kits                                                                                                                                                                                                                                                                                                  |
| Description:  | UGT3A2 CRISPRa kit - CRISPR gene activation of human UDP glycosyltransferase family 3 member A2                                                                                                                                                                                                               |
| Symbol:       | UGT3A2                                                                                                                                                                                                                                                                                                        |
| Components:   | GA116153G1, UGT3A2 gRNA vector 1 in pCas-Guide-GFP-CRISPRa (GE100074)<br>GA116153G2, UGT3A2 gRNA vector 2 in pCas-Guide-GFP-CRISPRa (GE100074)<br>GA116153G3, UGT3A2 gRNA vector 3 in pCas-Guide-GFP-CRISPRa (GE100074)<br>1 CRISPRa-Enhancer vector, SKU GE100056<br>1 CRISPRa scramble vector, SKU GE100077 |
| UniProt ID:   | <u><a href="#">Q3SY77</a></u>                                                                                                                                                                                                                                                                                 |
| Synonyms:     | MGC119426; MGC119429                                                                                                                                                                                                                                                                                          |
| Format:       | 3 gRNAs (5ug each), 1 scramble ctrl (10ug) and 1 enhancer vector (10ug)                                                                                                                                                                                                                                       |
