| Product Type: | CRISPRa Kits                                                                                                                                                                                                                                                                                            |
| Description:  | BEX5 CRISPRa kit - CRISPR gene activation of human brain expressed X-linked 5                                                                                                                                                                                                                           |
| Symbol:       | BEX5                                                                                                                                                                                                                                                                                                    |
| Components:   | GA117487G1, BEX5 gRNA vector 1 in pCas-Guide-GFP-CRISPRa (GE100074)<br>GA117487G2, BEX5 gRNA vector 2 in pCas-Guide-GFP-CRISPRa (GE100074)<br>GA117487G3, BEX5 gRNA vector 3 in pCas-Guide-GFP-CRISPRa (GE100074)<br>1 CRISPRa-Enhancer vector, SKU GE100056<br>1 CRISPRa scramble vector, SKU GE100077 |
| UniProt ID:   | <a href="#">Q5H9J7</a>                                                                                                                                                                                                                                                                                  |
| Synonyms:     | NGFRAP1L1                                                                                                                                                                                                                                                                                               |
| Format:       | 3 gRNAs (5ug each), 1 scramble ctrl (10ug) and 1 enhancer vector (10ug)                                                                                                                                                                                                                                 |
