| Product Type: | CRISPRa Kits                                                                                                                                                                                                                                                                                                     |
| Description:  | C2orf78 CRISPRa kit - CRISPR gene activation of human chromosome 2 open reading frame 78                                                                                                                                                                                                                         |
| Symbol:       | C2orf78                                                                                                                                                                                                                                                                                                          |
| Components:   | GA118011G1, C2orf78 gRNA vector 1 in pCas-Guide-GFP-CRISPRa (GE100074)<br>GA118011G2, C2orf78 gRNA vector 2 in pCas-Guide-GFP-CRISPRa (GE100074)<br>GA118011G3, C2orf78 gRNA vector 3 in pCas-Guide-GFP-CRISPRa (GE100074)<br>1 CRISPRa-Enhancer vector, SKU GE100056<br>1 CRISPRa scramble vector, SKU GE100077 |
| UniProt ID:   | <a href="#">A6NCI8</a>                                                                                                                                                                                                                                                                                           |
| Synonyms:     | COG5373; hCG1989538                                                                                                                                                                                                                                                                                              |
| Format:       | 3 gRNAs (5ug each), 1 scramble ctrl (10ug) and 1 enhancer vector (10ug)                                                                                                                                                                                                                                          |
