| <b>Product Type:</b> | CRISPRa Kits                                                                                                                                                                                                                                                                                                        |
| <b>Description:</b>  | KRTAP2-2 CRISPRa kit – CRISPR gene activation of human keratin associated protein 2-2                                                                                                                                                                                                                               |
| <b>Symbol:</b>       | KRTAP2-2                                                                                                                                                                                                                                                                                                            |
| <b>Components:</b>   | GA118923G1, KRTAP2-2 gRNA vector 1 in pCas-Guide-GFP-CRISPRa (GE100074)<br>GA118923G2, KRTAP2-2 gRNA vector 2 in pCas-Guide-GFP-CRISPRa (GE100074)<br>GA118923G3, KRTAP2-2 gRNA vector 3 in pCas-Guide-GFP-CRISPRa (GE100074)<br>1 CRISPRa-Enhancer vector, SKU GE100056<br>1 CRISPRa scramble vector, SKU GE100077 |
| <b>UniProt ID:</b>   | <a href="#">Q9BYT5</a>                                                                                                                                                                                                                                                                                              |
| <b>Synonyms:</b>     | KAP2.2                                                                                                                                                                                                                                                                                                              |
| <b>Format:</b>       | 3 gRNAs (5ug each), 1 scramble ctrl (10ug) and 1 enhancer vector (10ug)                                                                                                                                                                                                                                             |
