

## Product datasheet for **GA202928**

### Mouse Emc8 activation kit by CRISPRa

#### Product data:

|               |                                                                                          |
|---------------|------------------------------------------------------------------------------------------|
| Product Type: | CRISPRa Kits                                                                             |
| Description:  | Emc8 CRISPRa kit - CRISPR gene activation of mouse ER membrane protein complex subunit 8 |
| Symbol:       | Emc8                                                                                     |
| UniProt ID:   | <u><a href="#">O70378</a></u>                                                            |
| Synonyms:     | Cox4nb; Fam158b; Noc4                                                                    |
| Format:       | 3 gRNAs (5ug each), 1 scramble ctrl (10ug) and 1 enhancer vector (10ug)                  |
