| <b>Product Type:</b> | CRISPRa Kits                                                                                                                                                                                                                                                                                                  |
| <b>Description:</b>  | Zbtb14 CRISPRa kit - CRISPR gene activation of mouse zinc finger and BTB domain containing 14                                                                                                                                                                                                                 |
| <b>Symbol:</b>       | Zbtb14                                                                                                                                                                                                                                                                                                        |
| <b>Components:</b>   | GA204689G1, Zbtb14 gRNA vector 1 in pCas-Guide-GFP-CRISPRa (GE100074)<br>GA204689G2, Zbtb14 gRNA vector 2 in pCas-Guide-GFP-CRISPRa (GE100074)<br>GA204689G3, Zbtb14 gRNA vector 3 in pCas-Guide-GFP-CRISPRa (GE100074)<br>1 CRISPRa-Enhancer vector, SKU GE100056<br>1 CRISPRa scramble vector, SKU GE100077 |
| <b>UniProt ID:</b>   | <u><a href="#">Q08376</a></u>                                                                                                                                                                                                                                                                                 |
| <b>Synonyms:</b>     | b2b1982Clo; ZF5; Zfp161                                                                                                                                                                                                                                                                                       |
| <b>Format:</b>       | 3 gRNAs (5ug each), 1 scramble ctrl (10ug) and 1 enhancer vector (10ug)                                                                                                                                                                                                                                       |
