| Product Type: | CRISPRa Kits                                                                                                                                                                                                                                                                                            |
| Description:  | Tlk2 CRISPRa kit - CRISPR gene activation of mouse tousled-like kinase 2 (Arabidopsis)                                                                                                                                                                                                                  |
| Symbol:       | Tlk2                                                                                                                                                                                                                                                                                                    |
| Components:   | GA204894G1, Tlk2 gRNA vector 1 in pCas-Guide-GFP-CRISPRa (GE100074)<br>GA204894G2, Tlk2 gRNA vector 2 in pCas-Guide-GFP-CRISPRa (GE100074)<br>GA204894G3, Tlk2 gRNA vector 3 in pCas-Guide-GFP-CRISPRa (GE100074)<br>1 CRISPRa-Enhancer vector, SKU GE100056<br>1 CRISPRa scramble vector, SKU GE100077 |
| UniProt ID:   | <u><a href="#">O55047</a></u>                                                                                                                                                                                                                                                                           |
| Synonyms:     | 4933403M19Rik; PKU-alpha; PKUalpha; Tlk                                                                                                                                                                                                                                                                 |
| Format:       | 3 gRNAs (5ug each), 1 scramble ctrl (10ug) and 1 enhancer vector (10ug)                                                                                                                                                                                                                                 |
