| Product Type: | CRISPRa Kits                                                                                                                                                                                                                                                                                                  |
| Description:  | Barhl2 CRISPRa kit - CRISPR gene activation of mouse BarH like homeobox 2                                                                                                                                                                                                                                     |
| Symbol:       | Barhl2                                                                                                                                                                                                                                                                                                        |
| Components:   | GA211811G1, Barhl2 gRNA vector 1 in pCas-Guide-GFP-CRISPRa (GE100074)<br>GA211811G2, Barhl2 gRNA vector 2 in pCas-Guide-GFP-CRISPRa (GE100074)<br>GA211811G3, Barhl2 gRNA vector 3 in pCas-Guide-GFP-CRISPRa (GE100074)<br>1 CRISPRa-Enhancer vector, SKU GE100056<br>1 CRISPRa scramble vector, SKU GE100077 |
| UniProt ID:   | <u><a href="#">Q8VIB5</a></u>                                                                                                                                                                                                                                                                                 |
| Synonyms:     | E130309B19Rik; MBH1                                                                                                                                                                                                                                                                                           |
| Format:       | 3 gRNAs (5ug each), 1 scramble ctrl (10ug) and 1 enhancer vector (10ug)                                                                                                                                                                                                                                       |
