

## Product datasheet for GA214217

### Mouse Nppa activation kit by CRISPRa

#### Product data:

|               |                                                                               |
|---------------|-------------------------------------------------------------------------------|
| Product Type: | CRISPRa Kits                                                                  |
| Description:  | Nppa CRISPRa kit - CRISPR gene activation of mouse natriuretic peptide type A |
| Symbol:       | Nppa                                                                          |
| UniProt ID:   | <a href="#">P05125</a>                                                        |
| Synonyms:     | Anf; ANP; Pnd                                                                 |
| Format:       | 3 gRNAs (5ug each), 1 scramble ctrl (10ug) and 1 enhancer vector (10ug)       |
