| Product Type: | CRISPRa Kits                                                                                                                                                                                                                                                                                         |
| Description:  | Cpz CRISPRa kit - CRISPR gene activation of mouse carboxypeptidase Z                                                                                                                                                                                                                                 |
| Symbol:       | Cpz                                                                                                                                                                                                                                                                                                  |
| Components:   | GA215094G1, Cpz gRNA vector 1 in pCas-Guide-GFP-CRISPRa (GE100074)<br>GA215094G2, Cpz gRNA vector 2 in pCas-Guide-GFP-CRISPRa (GE100074)<br>GA215094G3, Cpz gRNA vector 3 in pCas-Guide-GFP-CRISPRa (GE100074)<br>1 CRISPRa-Enhancer vector, SKU GE100056<br>1 CRISPRa scramble vector, SKU GE100077 |
| UniProt ID:   | <u><a href="#">Q8R4V4</a></u>                                                                                                                                                                                                                                                                        |
| Synonyms:     | AV136066                                                                                                                                                                                                                                                                                             |
| Format:       | 3 gRNAs (5ug each), 1 scramble ctrl (10ug) and 1 enhancer vector (10ug)                                                                                                                                                                                                                              |
