| Product Type: | CRISPRa Kits                                                                                                                                                                                                                                                                                                     |
| Description:  | Slc38a9 CRISPRa kit - CRISPR gene activation of mouse solute carrier family 38, member 9                                                                                                                                                                                                                         |
| Symbol:       | Slc38a9                                                                                                                                                                                                                                                                                                          |
| Components:   | GA215943G1, Slc38a9 gRNA vector 1 in pCas-Guide-GFP-CRISPRa (GE100074)<br>GA215943G2, Slc38a9 gRNA vector 2 in pCas-Guide-GFP-CRISPRa (GE100074)<br>GA215943G3, Slc38a9 gRNA vector 3 in pCas-Guide-GFP-CRISPRa (GE100074)<br>1 CRISPRa-Enhancer vector, SKU GE100056<br>1 CRISPRa scramble vector, SKU GE100077 |
| UniProt ID:   | <u><a href="#">Q8BGD6</a></u>                                                                                                                                                                                                                                                                                    |
| Synonyms:     | 4833412L08Rik; 6720411P22Rik; 9130023D20Rik; 9430067K09Rik; A730092C09                                                                                                                                                                                                                                           |
| Format:       | 3 gRNAs (5ug each), 1 scramble ctrl (10ug) and 1 enhancer vector (10ug)                                                                                                                                                                                                                                          |
