| Product Type: | CRISPRa Kits                                                                                                                                                                                                                                                                                               |
| Description:  | Foxi2 CRISPRa kit - CRISPR gene activation of mouse forkhead box I2                                                                                                                                                                                                                                        |
| Symbol:       | Foxi2                                                                                                                                                                                                                                                                                                      |
| Components:   | GA216065G1, Foxi2 gRNA vector 1 in pCas-Guide-GFP-CRISPRa (GE100074)<br>GA216065G2, Foxi2 gRNA vector 2 in pCas-Guide-GFP-CRISPRa (GE100074)<br>GA216065G3, Foxi2 gRNA vector 3 in pCas-Guide-GFP-CRISPRa (GE100074)<br>1 CRISPRa-Enhancer vector, SKU GE100056<br>1 CRISPRa scramble vector, SKU GE100077 |
| UniProt ID:   | <a href="#">Q3I5G5</a>                                                                                                                                                                                                                                                                                     |
| Synonyms:     | B130055A05Rik                                                                                                                                                                                                                                                                                              |
| Format:       | 3 gRNAs (5ug each), 1 scramble ctrl (10ug) and 1 enhancer vector (10ug)                                                                                                                                                                                                                                    |
