# Product datasheet for GA216694

#### Mouse Ubash3a activation kit by CRISPRa

### **Product data:**

| Product Type: | CRISPRa Kits                                                                                            |
|---------------|---------------------------------------------------------------------------------------------------------|
| Description:  | Ubash3a CRISPRa kit - CRISPR gene activation of mouse ubiquitin associated and SH3 domain containing, A |
| Symbol:       | Ubash3a                                                                                                 |
| UniProt ID:   | <u>Q3V3E1</u>                                                                                           |
| Synonyms:     | 5830413C03Rik; C330001M22; Sts-2; TULA; TULA-1                                                          |
| Format:       | 3 gRNAs (5ug each), 1 scramble ctrl (10ug) and 1 enhancer vector (10ug)                                 |
