

## Product datasheet for **GE100002**

### pCas-Guide

#### Product data:

Product Type:	CRISPR Vectors
Function:	All-in-One CRISPR/Cas9 vectors
Features:	<ul style="list-style-type: none"><li>• All-in-one vector</li><li>1. Expresses human codon-optimized Cas9</li><li>2. BamH I and BsmB I can be used for genomic target sequence cloning</li><li>3. Expresses gRNA containing the inserted target sequence and the gRNA scaffold</li></ul>
Disclaimer:	These products are manufactured and supplied by OriGene under license from ERS.
