

## Product datasheet for **GE100026**

### pAAVS1-RFP-DNR

#### Product data:

- Product Type:** CRISPR Vectors
- Function:** AAVS1 donor vector
- Features:**
- AAVS1 donor vector containing PGK-puro and CMV-RFP
  - CRISPR knockin positive control when paired with pCas-guide-AAVS1 (GE100024)
  - Contains AAVS1 left and right homologous sequences (550 bp each side)
  - PGK-puro and CMV-RFP cassette can be integrated into human AAVS1 site when cotransfected with pCas-guide-AAVS1 (GE100024)
