

Product datasheet for **GE100028**

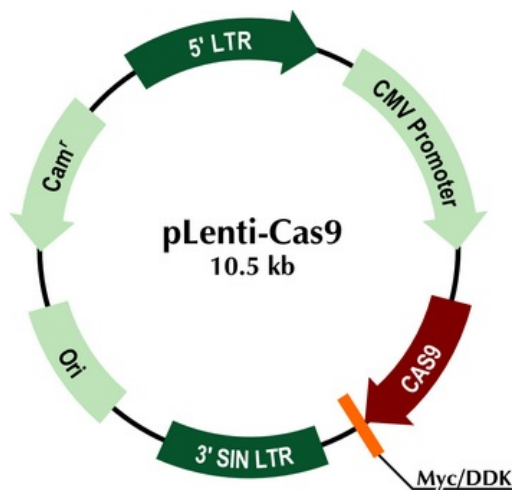

pLenti-Cas9

Product data:

- Product Type:** CRISPR Vectors
- Function:** Cas9 only vectors
- Features:** Cas9 only vector in lenti backbone
- 3rd generation Lenti vector, ideal for hard-to-transfect cells
 - Cas9 under CMV promoter for mammalian expression after transfection or transduction
 - Lenti particles can be produced using high efficiency [lenti packaging kits](#)
 - E. Coli selection: chloramphenicol (34 ug/mL)
