

## Product datasheet for **GE100050**

### pCas-Guide-ROSA26

#### Product data:

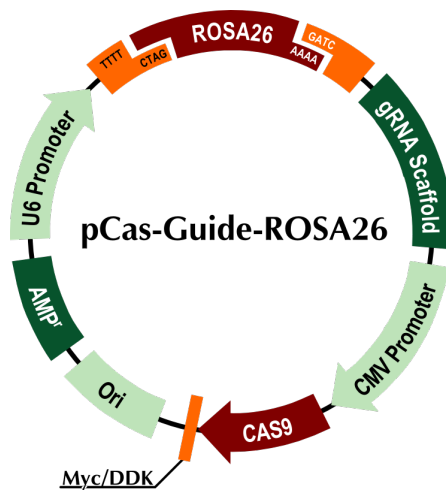

Product Type: CRISPR Vectors

Function: Rosa26 gRNA

Features:

- Validated all-in-one CRISPR vector targeting Mouse ROSA26 locus
- ROSA26 target sequence: TTATTGCTTGTGATCCGCCT
- Contains CMV-driven Cas9 and U6-driven ROSA26 gRNA expression
- Targeted transgene insertion via CRISPR when cotransfect with pROSA26-Puro-DNR (GE100051) (after transgene is cloned)
