

## Product datasheet for **HK201725**

### CCDC85B Human qPCR Template Standard (NM\_006848)

#### Product data:

|                  |                                                                                                                                                                                                                                                                                           |

| Product Type:    | qPCR Template Standards                                                                                                                                                                                                                                                                   |
| ACCN:            | NM_006848                                                                                                                                                                                                                                                                                 |
| Synonyms:        | DIPA                                                                                                                                                                                                                                                                                      |
| Components:      | 1 vial of lyophilized SybGREEN qPCR primer (HP209717) mix (1 nmol each primer, sufficient for 200 reactions)<br>1 vial lyophilized Gene Specific qPCR template standard: $50 \times 10^7$ copies, double-stranded DNA<br>1 vial containing 1 mL 10x PCR template standard dilution buffer |
| Quality Control: | The kit has been tested to generate satisfactory qPCR data on ABI 7900HT                                                                                                                                                                                                                  |
| Storage:         | Store at -20°C.                                                                                                                                                                                                                                                                           |
| Stability:       | The primer mix and template standard are stable for one year from date of shipping.                                                                                                                                                                                                       |
