

Product datasheet for MR227079

Tchh (NM_001163098) Mouse Tagged ORF Clone

Product data:

Product Type:	Expression Plasmids
Product Name:	Tchh (NM_001163098) Mouse Tagged ORF Clone
Tag:	Myc-DDK
Symbol:	Tchh
Synonyms:	AHF; AI597080; Thh
Mammalian Cell Selection:	Neomycin
Vector:	pCMV6-Entry (PS100001)
E. coli Selection:	Kanamycin (25 ug/mL)
ORF Nucleotide Sequence:	>MR227079 representing NM_001163098, codon optimized . Due to the complexity of NM_001163098, the ORF clone is codon optimized for mammalian Expression. The nucleotide sequence differs from the reference sequence, yet the amino acid sequence remains identical.

ACCN:	NM_001163098
ORF Size:	4797 bp
OTI Disclaimer:	The molecular sequence of this clone aligns with the gene accession number as a point of reference only. However, individual transcript sequences of the same gene can differ through naturally occurring variations (e.g. polymorphisms), each with its own valid existence. This clone is substantially in agreement with the reference, but a complete review of all prevailing variants is recommended prior to use. More info
OTI Annotation:	This clone was engineered to express the complete ORF with an expression tag. Expression varies depending on the nature of the gene.
Components:	The ORF clone is ion-exchange column purified and shipped in a 2D barcoded Matrix tube containing 10ug of transfection-ready, dried plasmid DNA (reconstitute with 100 ul of water).
Reconstitution Method:	<ol style="list-style-type: none">1. Centrifuge at 5,000xg for 5min.2. Carefully open the tube and add 100ul of sterile water to dissolve the DNA.3. Close the tube and incubate for 10 minutes at room temperature.4. Briefly vortex the tube and then do a quick spin (less than 5000xg) to concentrate the liquid at the bottom.5. Store the suspended plasmid at -20°C. The DNA is stable for at least one year from date of shipping when stored at -20°C.
RefSeq:	NM_001163098.1 , NP_001156570.1
RefSeq Size:	5823 bp
RefSeq ORF:	4800 bp
Locus ID:	99681
Cytogenetics:	3 F2.1
MW:	208.2 kDa
