### alpha Synuclein (SNCA) (NM 001146055) Human Tagged ORF Clone Lentiviral Particle

**Product data:** 

**Product Type:** Lentiviral Particles

**Product Name:** alpha Synuclein (SNCA) (NM\_001146055) Human Tagged ORF Clone Lentiviral Particle

Symbol: alpha Synuclein

Synonyms: NACP; PARK1; PARK4; PD1

**Mammalian Cell** 

Selection:

None

**Vector:** pLenti-C-mGFP (PS100071)

Tag: mGFP

**ACCN:** NM\_001146055

ORF Size: 420 bp

**ORF Nucleotide** 

The ORF insert of this clone is exactly the same as(RC228736).

Sequence:

OTI Disclaimer:

The molecular sequence of this clone aligns with the gene accession number as a point of reference only. However, individual transcript sequences of the same gene can differ through naturally occurring variations (e.g. polymorphisms), each with its own valid existence. This clone is substantially in agreement with the reference, but a complete review of all prevailing

variants is recommended prior to use. More info

**OTI Annotation:** This clone was engineered to express the complete ORF with an expression tag. Expression

varies depending on the nature of the gene.

**RefSeg:** NM 001146055.1

 RefSeq ORF:
 423 bp

 Locus ID:
 6622

 UniProt ID:
 P37840

 Cytogenetics:
 4q22.1

**Protein Families:** Druggable Genome

**Protein Pathways:** Alzheimer's disease, Parkinson's disease

**MW:** 14.3 kDa

# alpha Synuclein (SNCA) (NM\_001146055) Human Tagged ORF Clone Lentiviral Particle – RC228736L2V

#### **Gene Summary:**

Alpha-synuclein is a member of the synuclein family, which also includes beta- and gamma-synuclein. Synucleins are abundantly expressed in the brain and alpha- and beta-synuclein inhibit phospholipase D2 selectively. SNCA may serve to integrate presynaptic signaling and membrane trafficking. Defects in SNCA have been implicated in the pathogenesis of Parkinson disease. SNCA peptides are a major component of amyloid plaques in the brains of patients with Alzheimer's disease. Alternatively spliced transcripts encoding different isoforms have been identified for this gene. [provided by RefSeq, Feb 2016]
