## CARD8 (NM\_001184904) Human Tagged ORF Clone Lentiviral Particle

**Product data:** 

**Product Type:** Lentiviral Particles

**Product Name:** CARD8 (NM\_001184904) Human Tagged ORF Clone Lentiviral Particle

Symbol: CARD8

Synonyms: CARDINAL; DACAR; DAKAR; NDPP; NDPP1; TUCAN

Mammalian Cell

Selection:

Puromycin

**Vector:** pLenti-C-mGFP-P2A-Puro (PS100093)

Tag: mGFP

**ACCN:** NM\_001184904

ORF Size: 210 bp

**ORF Nucleotide** 

The ORF insert of this clone is exactly the same as(RC229496).

Sequence:

OTI Disclaimer: The molecular sequence of this clone aligns with the gene accession number as a point of reference only. However, individual transcript sequences of the same gene can differ through

naturally occurring variations (e.g. polymorphisms), each with its own valid existence. This clone is substantially in agreement with the reference, but a complete review of all prevailing

variants is recommended prior to use. More info

**OTI Annotation:** This clone was engineered to express the complete ORF with an expression tag. Expression

varies depending on the nature of the gene.

**RefSeq:** NM 001184904.1, NP 001171833.1

 RefSeq Size:
 634 bp

 RefSeq ORF:
 213 bp

 Locus ID:
 22900

 UniProt ID:
 E5RFV9

Cytogenetics: 19q13.33

**Protein Families:** Druggable Genome

**Protein Pathways:** NOD-like receptor signaling pathway

ORIGENE

**MW:** 7.9 kDa

**Gene Summary:** 

The protein encoded by this gene belongs to the caspase recruitment domain (CARD)-containing family of proteins, which are involved in pathways leading to activation of caspases or nuclear factor kappa-B (NFKB). This protein may be a component of the inflammasome, a protein complex that plays a role in the activation of proinflammatory caspases. It is thought that this protein acts as an adaptor molecule that negatively regulates NFKB activation, CASP1-dependent IL1B secretion, and apoptosis. Polymorphisms in this gene may be associated with a susceptibility to rheumatoid arthritis. Alternatively spliced transcript variants have been described for this gene. [provided by RefSeq, May 2010]
