

## Product datasheet for **RC229669L4V**

### ASTN2 (NM\_001184735) Human Tagged ORF Clone Lentiviral Particle

#### Product data:

|                           |  |
|---------------------------|--|
| Product Type:             | Lentiviral Particles   |
| Product Name:             | ASTN2 (NM_001184735) Human Tagged ORF Clone Lentiviral Particle  |
| Symbol:                   | ASTN2  |
| Synonyms:                 | bA67K19.1  |
| Mammalian Cell Selection: | Puromycin  |
| Vector:                   | pLenti-C-mGFP-P2A-Puro (PS100093)  |
| Tag:                      | mGFP   |
| ACCN:                     | NM_001184735   |
| ORF Size:                 | 582 bp   |
| ORF Nucleotide Sequence:  | The ORF insert of this clone is exactly the same as(RC229669).   |
| OTI Disclaimer:           | The molecular sequence of this clone aligns with the gene accession number as a point of reference only. However, individual transcript sequences of the same gene can differ through naturally occurring variations (e.g. polymorphisms), each with its own valid existence. This clone is substantially in agreement with the reference, but a complete review of all prevailing variants is recommended prior to use. <a href="#">More info</a> |
| OTI Annotation:           | This clone was engineered to express the complete ORF with an expression tag. Expression varies depending on the nature of the gene.   |
| RefSeq:                   | <a href="#">NM_001184735.1</a> , <a href="#">NP_001171664.1</a>  |
| RefSeq ORF:               | 585 bp   |
| Locus ID:                 | 23245  |
| Cytogenetics:             | 9q33.1   |
| Protein Families:         | Transmembrane  |
| MW:                       | 22.2 kDa   |

**Gene Summary:**

This gene encodes a protein that is expressed in the brain and may function in neuronal migration, based on functional studies of the related astrotactin 1 gene in human and mouse. A deletion at this locus has been associated with schizophrenia. Multiple transcript variants encoding different proteins have been found for this locus. [provided by RefSeq, May 2010]
