Product datasheet for TA306155

APOBEC3G Rabbit Polyclonal Antibody

Product data:

| Product Type: | Primary Antibodies |
|-----------------------|---|
| Applications: | IHC, WB |
| Recommended Dilution: | WB: 5 ug/mL, ICC: 1 ug/mL |
| Reactivity: | Human |
| Host: | Rabbit |
| lsotype: | lgG |
| Clonality: | Polyclonal |
| Immunogen: | APOBEC3G antibody was raised against a synthetic peptide corresponding to 15 amino acids near the amino-terminus of human APOBEC3G APOBEC3G antibody will also detect the APOBEC3F isoform. |
| Formulation: | PBS containing 0.02% sodium azide. |
| Concentration: | 1ug/ul |
| Purification: | Affinity chromatography purified via peptide column |
| Conjugation: | Unconjugated |
| Storage: | Store at -20°C as received. |
| Stability: | Stable for 12 months from date of receipt. |
| Gene Name: | apolipoprotein B mRNA editing enzyme catalytic subunit 3G |
| Database Link: | <u>NP_068594</u> <u>Entrez Gene 60489 Human</u> <u>Q9HC16</u> |

This product is to be used for laboratory only. Not for diagnostic or therapeutic use. ©2024 OriGene Technologies, Inc., 9620 Medical Center Drive, Ste 200, Rockville, MD 20850, US

GRIGENE APOBEC3G Rabbit Polyclonal Antibody – TA306155

Background:The Apoliprotein B mRNA-editing, enzyme-catalytic, polypeptide-like (APOBEC) 3 is a multi-
isoform member of the cytidine deaminase family of enzymes that act on monomeric
nucleoside and nucleotide substrates (1). Similar to TRIM5alpha which targets incoming
retroviral capsids, APOBEC3 plays a major role in cellular defense against retroviral infection
(2,3) as at least two isoforms, APOBEC3G and to a lesser extent APOBEC3F, can be
incorporated HIV-1 virions and induce hypermutation in the newly synthesized viral DNA and
thus destabilize the viral genome (4,5). This innate mechanism of retroviral resistance is
counteracted by the HIV-1 Vif protein by inducing the ubiquitization and degradation of
APOBEC3G; a single amino acid substitution (D128K) blocks APOBEC3G depletion without
affecting its inhibitory activity (6).

Synonyms: A3G; ARCD; ARP-9; ARP9; bK150C2.7; CEM-15; CEM15; dJ494G10.1; MDS019
