

## **Product datasheet for TA322529S**

### **NFAT2 (NFATC1) Rabbit Polyclonal Antibody**

#### **Product data:**

**Product Type:** Primary Antibodies

Applications: IHC

Recommended Dilution: IHC: 25-100

Positive control: Human esophagus cancer

Predicted cell location: Cytoplasm

Reactivity: Human, Mouse

Host: Rabbit Isotype: IgG

Clonality: Polyclonal

**Immunogen:** Fusion protein corresponding to a C terminal 300 amino acids of human nuclear factor of

activated T-cells, cytoplasmic, calcineurin-dependent 1

Formulation: PBS pH7.3, 0.05% NaN3, 50% glycerol

**Purification:** Antigen affinity purification

Conjugation: Unconjugated

**Storage:** Store at -20°C as received.

**Stability:** Stable for 12 months from date of receipt.

**Gene Name:** nuclear factor of activated T-cells 1

Database Link: NP 765978

Entrez Gene 18018 MouseEntrez Gene 4772 Human

095644

**Background:** The product of this gene is a component of the nuclear factor of activated T cells DNA-

binding transcription complex. This complex consists of at least two components: a

preexisting cytosolic component that translocates to the nucleus upon T cell receptor (TCR) stimulation; and an inducible nuclear component. Proteins belonging to this family of transcription factors play a central role in inducible gene transcription during immune

response. The product of this gene is an inducible nuclear component. It functions as a major molecular target for the immunosuppressive drugs such as cyclosporin A. Five transcript variants encoding distinct isoforms have been identified for this gene. Different isoforms of

this protein may regulate inducible expression of different cytokine genes.

#### NFAT2 (NFATC1) Rabbit Polyclonal Antibody - TA322529S

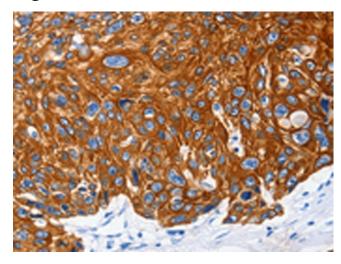

Synonyms: NF-ATC; NF-ATc1.2; NFAT2; NFATc

**Protein Families:** Druggable Genome, Transcription Factors

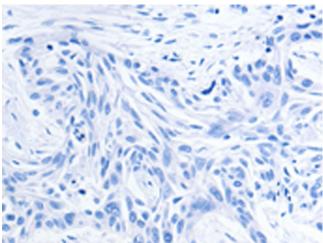

**Protein Pathways:** Axon guidance, B cell receptor signaling pathway, Natural killer cell mediated cytotoxicity, T

cell receptor signaling pathway, VEGF signaling pathway, Wnt signaling pathway
