# Product datasheet for TA358148

## **ACOT7 Rabbit Polyclonal Antibody**

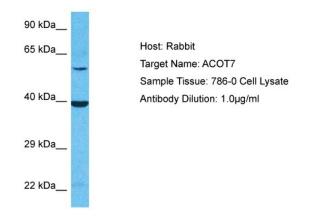

#### **Product data:**

Applications:WBReactivity:HumanHost:RabitClonality:PolyclonalImmunogen:Raimmunogen is a synthetic peptide directed towards the C-terminal region of Human ACOT7Specificity:Expected reactivity: HumanFormulation:Usiquid. Purified antibody supplied in 1x PBS buffer with 0.09% (w/v) sodium azide and 2% sucrose. Nate that this product is shipped as lyophilized powder to China customers.Concentration:Iot specificPurification:Mifnity PurifiedStorage:For short term use, store at 2.8°C up to 1 week. For long term storage, store at -20°C in small aliquots to prevent freeze-thaw cycles.Stability:Shelf life: one year from despatch.Predicted Protein SizeAltroze Gene 11332 Human OUDISABackground:Risgene encodes a member of the acyl coenzyme family. The encoded protein hydrolyzes this gene musch score at paintoyl-CoA and other long-chain fatty acids. Decreased expression of king sene my be associated with mesial temporal lobe epilepsy. Alternatively spliced trassript variants encoding distint isoforms with different subcellual locations have been characterized.Stornyms:CH1; ACT; BACH; CTE-II; CTE-IIa; hBACH; LACH; LACH; LACH; ISCTI26	Product Type:	Primary Antibodies
Host:RabbitClonality:PolyclonalImmunogen:The immunogen is a synthetic peptide directed towards the C-terminal region of Human ACOT7Specificity:Expected reactivity: HumanFormulation:Liquid. Purified antibody supplied in 1x PBS buffer with 0.09% (w/v) sodium azide and 2% sucrose. Note that this product is shipped as lyophilized powder to China customers.Concentration:lot specificPurification:Affinity PurifiedConjugation:UnconjugatedStorage:For short term use, store at 2-8°C up to 1 week. For long term storage, store at -20°C in small aliquots to prevent freeze-thaw cycles.Stability:Shelf life: one year from despatch.Predicted Protein Size:Aflinies erase 7Database Link:Entrez Gene 11332 Human QO0154Background:This gene encodes a member of the acyl coenzyme family. The encoded protein hydrolyzes the CoA thioester of palmitoyl-CoA and other long-chain fatty acids. Decreased expression of this gene may be associated with mesial temporal lobe epilepsy. Alternatively spliced transcript variants encoding distinct isoforms with different subcellular locations have been characterized.	Applications:	WB
Clonality:PolyclonalImmunogen:The immunogen is a synthetic peptide directed towards the C-terminal region of Human ACOT7Specificity: <b>Expected reactivity:</b> HumanFormulation:Liquid. Purified antibody supplied in 1x PBS buffer with 0.09% (w/v) sodium azide and 2% sucrose. Note that this product is shipped as lyophilized powder to China customers.Concentration:lot specificPurification:OtonjugatedMinip PurifiedUnconjugatedStorage:Sor short term use, store at 2-8°C up to 1 week. For long term storage, store at 2-2°C in small aliquots to prevent freeze-thaw cycles.Stability:Shelf life: one year from despatch.Predicted Protein SizeAltDaGene Name:acyl-CoA thioesterase 7Database Link:Entrez Gene 11332 Human 200154Background:Nis gene encodes a member of the acyl coenzym family. The encoded protein shydrolyzes the CoA thioester of palmitoyl-CoA and other long-chain fatty acids. Decreased expressions of sing ene may be associated with mesial temporal lobe epilepsy. Alternatively spliced variants encoding distinct isoforms with different subcellular locations have been characterized.	Reactivity:	Human
Immunogen:The immunogen is a synthetic peptide directed towards the C-terminal region of Human ACOT7Specificity:Expected reactivity: HumanFormulation:Liquid. Purified antibody supplied in 1x PBS buffer with 0.09% (w/v) sodium azide and 2% sucrose. Note that this product is shipped as lyophilized powder to China customers.Concentration:Iot specificPurification:Affinity PurifiedConjugation:UnconjugatedStorage:Shelf life: one year from despatch.Predicted Protein SizeShelf life: one year from despatch.Predicted Protein SizeShelf life: one year from despatch.Database Link:Entrez Gene 11332 Human 200154Background:This gene encodes a member of the acyl coenzyme family. The encoded protein hydrolyzes the CoA thioester of palmitoyl-CoA and other long-chain fatty acids. Decreased expression of this gene may be associated with mesial temporal lobe epilepsy. Alternatively spliced transcript variants encoding distinct isoforms with different subcellular locations have been characterized.	Host:	Rabbit
ACOT7Specificity:Expected reactivity: HumanFormulation:Liquid. Purified antibody supplied in 1x PBS buffer with 0.09% (w/v) sodium azide and 2% sucrose. Note that this product is shipped as lyophilized powder to China customers.Concentration:lot specificPurification:Affinity PurifiedConjugation:UnconjugatedStorage:For short term use, store at 2-8°C up to 1 week. For long term storage, store at -20°C in small aliquots to prevent freeze-thaw cycles.Stability:Shelf life: one year from despatch.Predicted Protein Size:Athioesterase 7Database Link:Entrez Gene 1132 Human 200154Background:This gene encodes a member of the acyl coenzyme family. The encoded protein hydrolyzes the CoA thioester of palmitoyl-CoA and other long-chain fatty acids. Decreased expression of this gene may be associated with mesial temporal lobe epilepsy. Alternatively spliced transcript variants encoding distinct isoforms with different subcellular locations have been characterized.	Clonality:	Polyclonal
Formulation:Liquid. Purified antibody supplied in 1x PBS buffer with 0.09% (w/v) sodium azide and 2% sucrose. Note that this product is shipped as lyophilized powder to China customers.Concentration:lot specificPurification:Affinity PurifiedConjugation:UnconjugatedStorage:For short term use, store at 2-8°C up to 1 week. For long term storage, store at -20°C in small aliquots to prevent freeze-thaw cycles.Stability:Shelf life: one year from despatch.Predicted Protein Size:Aryl-CoA thioesterase 7Database Link:Entrez Gene 11332 Human 200154Background:This gene encodes a member of the acyl coenzyme family. The encoded protein hydrolyzes the CoA thioester of palmitoyl-CoA and other long-chain fatty acids. Decreased expression of this gene may be associated with mesial temporal lobe epilepsy. Alternatively spliced transcript variants encoding distinct isoforms with different subcellular locations have been characterized.	Immunogen:	
Sucrose. Note that this product is shipped as lyophilized powder to China customers.Concentration:lot specificPurification:Affinity PurifiedConjugation:UnconjugatedStorage:For short term use, store at 2-8°C up to 1 week. For long term storage, store at -20°C in small aliquots to prevent freeze-thaw cycles.Stability:Shelf life: one year from despatch.Predicted Protein Size:41kDaGene Name:acyl-CoA thioesterase 7Database Link:Entrez Gene 11332 Human O00154Background:This gene encodes a member of the acyl coenzyme family. The encoded protein hydrolyzes the CoA thioester of palmitoyl-CoA and other long-chain fatty acids. Decreased expression of this gene may be associated with mesial temporal lobe epilepsy. Alternatively spliced transcript variants encoding distinct isoforms with different subcellular locations have been characterized.	Specificity:	Expected reactivity: Human
Purification:Affinity PurifiedConjugation:UnconjugatedStorage:For short term use, store at 2-8°C up to 1 week. For long term storage, store at -20°C in small aliquots to prevent freeze-thaw cycles.Stability:Shelf life: one year from despatch.Predicted Protein Size:41kDaGene Name:acyl-CoA thioesterase 7Database Link:Entrez Gene 11332 Human O00154Background:This gene encodes a member of the acyl coenzyme family. The encoded protein hydrolyzes the CoA thioester of palmitoyl-CoA and other long-chain fatty acids. Decreased expression of this gene may be associated with mesial temporal lobe epilepsy. Alternatively spliced transcript variants encoding distinct isoforms with different subcellular locations have been characterized.	Formulation:	sucrose.
Conjugation:UnconjugatedStorage:For short term use, store at 2-8°C up to 1 week. For long term storage, store at -20°C in small aliquots to prevent freeze-thaw cycles.Stability:Shelf life: one year from despatch.Predicted Protein Size:41kDaGene Name:acyl-CoA thioesterase 7Database Link:Entrez Gene 11332 Human O00154Background:This gene encodes a member of the acyl coenzyme family. The encoded protein hydrolyzes the CoA thioester of palmitoyl-CoA and other long-chain fatty acids. Decreased expression of this gene may be associated with mesial temporal lobe epilepsy. Alternatively spliced transcript variants encoding distinct isoforms with different subcellular locations have been characterized.	Concentration:	lot specific
Storage:For short term use, store at 2-8°C up to 1 week. For long term storage, store at -20°C in small aliquots to prevent freeze-thaw cycles.Stability:Shelf life: one year from despatch.Predicted Protein Size:41kDaGene Name:acyl-CoA thioesterase 7Database Link:Entrez Gene 11332 Human O00154Background:This gene encodes a member of the acyl coenzyme family. The encoded protein hydrolyzes the CoA thioester of palmitoyl-CoA and other long-chain fatty acids. Decreased expression of this gene may be associated with mesial temporal lobe epilepsy.
