Product datasheet for TA360581

SNAPIN Rabbit Polyclonal Antibody

Product data:

Product Type:	Primary Antibodies
Applications:	WB
Reactivity:	Human
Host:	Rabbit
Clonality:	Polyclonal
Immunogen:	The immunogen is a synthetic peptide directed towards the middle region of human SNAPIN
Specificity:	Expected reactivity: Human
Formulation:	Liquid. Purified antibody supplied in 1x PBS buffer with 0.09% (w/v) sodium azide and 2% sucrose. Note that this product is shipped as lyophilized powder to China customers.
Concentration:	lot specific
Purification:	Affinity purified
Conjugation:	Unconjugated
Storage:	For short term use, store at 2-8°C up to 1 week. For long term storage, store at -20°C in small aliquots to prevent freeze-thaw cycles.
Stability:	Shelf life: one year from despatch.
Predicted Protein Size:	14 kDa
Gene Name:	SNAP associated protein
Database Link:	<u>NP_036569.1</u> <u>Entrez Gene 23557 Human</u> <u>O95295</u>

This product is to be used for laboratory only. Not for diagnostic or therapeutic use. ©2022 OriGene Technologies, Inc., 9620 Medical Center Drive, Ste 200, Rockville, MD 20850, US

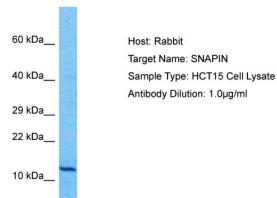

GRIGENE SNAPIN Rabbit Polyclonal Antibody – TA360581

Background:The protein encoded by this gene is a coiled-coil-forming protein that associates with the
SNARE (soluble N-ethylmaleimide-sensitive fusion protein attachment protein receptor)
complex of proteins and the BLOC-1 (biogenesis of lysosome-related organelles) complex.
Biochemical studies have identified additional binding partners. As part of the SNARE
complex, it is required for vesicle docking and fusion and regulates neurotransmitter release.
The BLOC-1 complex is required for the biogenesis of specialized organelles such as
melanosomes and platelet dense granules. Mutations in gene products that form the BLOC-1
complex have been identified in mouse strains that are models of Hermansky-Pudlak
syndrome. Alternative splicing results in multiple transcript variants.

Synonyms:

SNAP25BP; SNAPAP

Product images:

Host: Rabbit Target Name: SNAPIN Sample Tissue: HCT15 Whole Cell lysates

Antibody Dilution: 1.0ug/ml
