Calcitonin (CALCA) Rabbit Polyclonal Antibody

Product data:

Product Type: Primary Antibodies

Applications: ELISA

Recommended Dilution: This antibody has been tested and validated in ELISA against Calcitonin. Other applications

like immunohistochemistry (IHC), FACS or Western Blot may work as well. Optimal dilutions

should be determined by the end user.

Reactivity: Human Host: Rabbit

Clonality: Polyclonal

Immunogen: Synthetic peptide H-Cys-Gly-Asn-Leu-Ser-Thr-Cys-Met-Leu-Gly-Thr-Tyr- Thr-Gln-Asp-Phe-Asn-

Lys-Phe-His-Thr-Phe-Pro-Gln-Thr-Ala-Ile-Gly-Val- Gly-Ala-Pro-NH2, (Disulfide bond) coupled to

carrier protein.

Formulation: This polyclonal antibody is supplied as a lyophilized powder. The powder should be

rehydrated with 50ml of RIA buffer. Upon reconstitution to 50ml total volume, the solution contains 0.1M sodium phosphate buffer (pH 7.4), 0.05M NaCl, 0.1% BSA, 0.01% NaN3, and 0.1% Triton X-100. Store at 4° - 8° C. This should ensure antibody stability for approximately

one month.

Concentration: N/A

Conjugation: Unconjugated

Storage: Original vial: at least one year at 4° - 8°C from date of delivery. Minimize repeated thawing

and freezing of the antiserum by freezing aliquots at -20°C or below.

Gene Name: calcitonin related polypeptide alpha

Database Link: Entrez Gene 796 Human

P01258

Calcitonin (CALCA) Rabbit Polyclonal Antibody - TA364039

Background: Calcitonin is a 32 amino acid peptide hormone that defines the calcitonin-like protein family.

It is formed by the proteolytic cleavage of a larger prepropeptide, which is the product of the CALC1 gene and secreted by parafollicular cells of the thyroid gland in humans, and in the ultimopharyngeal body in animals. The hormone participates in calcium and phosphorus metabolism by reducing blood calcium, and counteracts the effects of parathyroid hormone and Vitamin D3. This antibody was generated by immunization of rabbits with Calcitonin to a

carrier protein.

Synonyms: CALC1; CGRP; CGRP-I; CT; katacalcin; KC; MGC126648; PCT; Procalcitonin
