Product Type:	Primary Antibodies
Applications:	ELISA, WB
Recommended Dilution:	WB,1:1000 - 1:4000 ELISA,Recommended starting concentration is 1 $\mu$ g/mL. Please optimize the concentration based on your specific assay requirements.
Reactivity:	Mouse
Modifications:	Unmodified
Host:	Rabbit
lsotype:	IgG
Clonality:	Polyclonal
Formulation:	Buffer: PBS with 0.02% sodium azide,50% glycerol,pH7.3.
Concentration:	lot specific
Purification:	Affinity purification
Conjugation:	Unconjugated
Storage:	Store at -20°C. Avoid freeze / thaw cycles.
Stability:	Shelf life: one year from despatch.
Predicted Protein Size:	138kDa
Gene Name:	ATPase plasma membrane Ca2+ transporting 4
Database Link:	<u>P23634</u>

This product is to be used for laboratory only. Not for diagnostic or therapeutic use. ©2025 OriGene Technologies, Inc., 9620 Medical Center Drive, Ste 200, Rockville, MD 20850, US

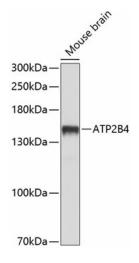

#### **GRIGENE** ATP2B4 Rabbit Polyclonal Antibody – TA373817S

Background:The protein encoded by this gene belongs to the family of P-type primary ion transport<br/>ATPases characterized by the formation of an aspartyl phosphate intermediate during the<br/>reaction cycle. These enzymes remove bivalent calcium ions from eukaryotic cells against<br/>very large concentration gradients and play a critical role in intracellular calcium<br/>homeostasis. The mammalian plasma membrane calcium ATPase isoforms are encoded by at<br/>least four separate genes and the diversity of these enzymes is further increased by<br/>alternative splicing of transcripts. The expression of different isoforms and splice variants is<br/>regulated in a developmental, tissue- and cell type-specific manner, suggesting that these<br/>pumps are functionally adapted to the physiological needs of particular cells and tissues. This<br/>gene encodes the plasma membrane calcium ATPase isoform 4. Alternatively spliced<br/>transcript variants encoding different isoforms have been identified.

 Synonyms:
 ATP2B2; DKFZp686G08106; DKFZp686M088; MXRA1; OTTHUMP00000034089; PMCA4;

 PMCA4b; PMCA4x
 PMCA4b; PMCA4x
