# Product datasheet for TA375676S

# **DYRK1A Rabbit Polyclonal Antibody**

## **Product data:**

Product Type:	Primary Antibodies
Applications:	ELISA, WB
Recommended Dilution:	WB,1:500 - 1:1000 ELISA,Recommended starting concentration is 1 $\mu$ g/mL. Please optimize the concentration based on your specific assay requirements.
Reactivity:	Human
Modifications:	Unmodified
Host:	Rabbit
lsotype:	IgG
Clonality:	Polyclonal
Formulation:	Buffer: PBS with 0.02% sodium azide,50% glycerol,pH7.3.
Concentration:	lot specific
Purification:	Affinity purification
Conjugation:	Unconjugated
Storage:	Store at -20°C. Avoid freeze / thaw cycles.
Stability:	Shelf life: one year from despatch.
Predicted Protein Size:	86kDa
Gene Name:	dual specificity tyrosine phosphorylation regulated kinase 1A
Database Link:	<u>Entrez Gene 1859 Human</u> <u>Q13627</u>

This product is to be used for laboratory only. Not for diagnostic or therapeutic use. ©2025 OriGene Technologies, Inc., 9620 Medical Center Drive, Ste 200, Rockville, MD 20850, US

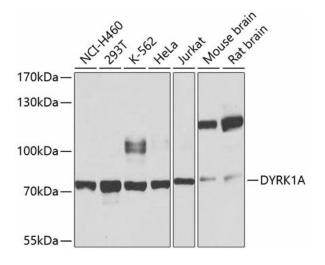

#### **GRIGENE** DYRK1A Rabbit Polyclonal Antibody – TA375676S

Background:This gene encodes a member of the Dual-specificity tyrosine phosphorylation-regulated<br/>kinase (DYRK) family. This member contains a nuclear targeting signal sequence, a protein<br/>kinase domain, a leucine zipper motif, and a highly conservative 13-consecutive-histidine<br/>repeat. It catalyzes its autophosphorylation on serine/threonine and tyrosine residues. It may<br/>play a significant role in a signaling pathway regulating cell proliferation and may be involved<br/>in brain development. This gene is a homolog of Drosophila mnb (minibrain) gene and rat<br/>Dyrk gene. It is localized in the Down syndrome critical region of chromosome 21, and is<br/>considered to be a strong candidate gene for learning defects associated with Down<br/>syndrome. Alternative splicing of this gene generates several transcript variants differing<br/>from each other either in the 5' UTR or in the 3' coding region. These variants encode at least<br/>five different isoforms.

Synonyms:

DYRK; DYRK1; hMNB; HP86; MNB; MNBH; OTTHUMP00000109090

### **Product images:**

Western blot analysis of various lysates using DYRK1A Rabbit pAb ([TA375676]) at 1:1000 dilution. Secondary antibody: HRP-conjugated Goat anti-Rabbit IgG (H+L) (AS014) at 1:10000 dilution. Lysates/proteins: 25µg per lane. Blocking buffer: 3% nonfat dry milk in TBST. Detection: ECL Basic Kit (RM00020). Exposure time: 10s.
