

Product datasheet for TA383785

ATP5F1B Rabbit Monoclonal Antibody [Clone ID: R01-4G1]

Product data:

Product Type: Primary Antibodies Clone Name: R01-4G1 IF, IHC, IP, WB **Applications:** Recommended Dilution: WB: 1/2000-1/10000 IHC: 1/20-1/100 ICC/IF: 1/50 IP: 1/20-1/50 **Reactivity:** Human, Mouse, Rat, Monkey Host: Rabbit Isotype: lgG Monoclonal **Clonality:** A synthetic peptide of human ATPB Immunogen: Formulation: 50mM Tris-Glycine(pH 7.4), 0.15M NaCl, 40% Glycerol, 0.01% Sodium azide and 0.05% BSA Concentration: lot specific **Purification: Affinity Purified Conjugation:** Unconjugated Storage: Store at 4°C short term. Aliquot and store at -20°C long term. Avoid freeze/thaw cycles. Stability: 1 year **Predicted Protein Size:** Calculated MW: 57 kDa; Observed MW: 52 kDa Gene Name: ATP synthase, H+ transporting, mitochondrial F1 complex, beta polypeptide Database Link: Entrez Gene 506 Human P06576

Image: ORIGENEATP5F1B Rabbit Monoclonal Antibody [Clone ID: R01-4G1] - TA383785Background:Swiss-Prot Acc.P06576.Mitochondrial membrane ATP synthase (F1F0 ATP synthase or
Complex V) produces ATP from ADP in the presence of a proton gradient across the
membrane which is generated by electron transport complexes of the respiratory chain. F-
type ATPases consist of two structural domains, F1 - containing the extramembraneous
catalytic core, and F0 - containing the membrane proton channel, linked together by a central
stalk and a peripheral stalk. During catalysis, ATP synthesis in the catalytic domain of F1 is
coupled via a rotary mechanism of the central stalk subunits to proton translocation. Subunits
alpha and beta form the catalytic core in F1. Rotation of the central stalk against the
surrounding alpha3beta3 subunits leads to hydrolysis of ATP in three separate catalytic sites
on the beta subunits.

Synonyms:

ATPMB; ATPSB; MGC5231

Product images:

Western blot analysis of ATPB in mouse heart, rat heart lysates using ATPB antibody.

Western blot analysis of ATPB in Jurkat, Hela, COS7, Raji lysates using ATPB antibody.
