

Product datasheet for TA389042

ADIPOQ Mouse Antibody [Clone ID: M576]

Product data:

Product Type: Primary Antibodies

Clone Name: M576 Applications: WB

Recommended Dilution: WB: 1:500

Reactivity: Human, Rat, Mouse

Host: Mouse Isotype: IgG1

Immunogen: Clone (M576) was generated from a recombinant protein that included amino acid residues

within the C-terminal region of mouse Adiponectin. This sequence has high homology with

similar regions in rat and human adiponectin.

Specificity: This antibody detects a 30 kDa* protein on SDS-PAGE immunoblots of human and mouse

serum, as well as detects full length human and mouse recombinant proteins.

Formulation: PBS + 1 mg/ml BSA, 0.05% NaN3 and 50% glycerol

Concentration: lot specific

Purification: Protein G Purified

Conjugation: Unconjugated

Storage: Storage at -20°C is recommended, as aliquots may be taken without freeze/thawing due to

presence of 50% glycerol. Stable for at least 1 year at -20°C.

Stability: After date of receipt, stable for at least 1 year at -20°C.

Predicted Protein Size: 30

Database Link: Q15848

ADIPOQ Mouse Antibody [Clone ID: M576] - TA389042

Background:

Adiponectin is an adipokine that is secreted primarily from adipocytes and functions in glucose regulation and lipid metabolism. It has also been shown to play a major role in energy homeostasis. Studies report adiponectin secretion in bone, mammary glands, salivary glands, and cardiac tissue in limited quantities. It forms a homo-oligomeric structure and is homologous to complement factor C1q, collagen type VIII, and collagen type X. In humans and mice with low adiponectin levels, increased obesity and insulin resistance is observed. Adiponectin, typically an anti-inflammatory agent, has been shown to exert pro-inflammatory effects in nonmetabolic disease such as irritable bowel syndrome. Low levels of adiponectin in blood have been correlated with higher incidence and poorer prognosis in several cancers, including breast cancer.

Note:

Protein G purified tissue culture supernatant.
