# Product datasheet for TA600117

## **RBBP9** Mouse Monoclonal Capture Antibody [Clone ID: OTI4G3]

#### **Product data:**

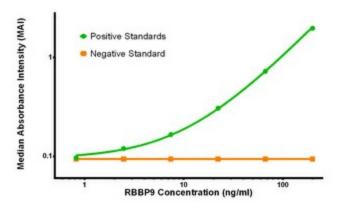

| Product Type:         | Primary Antibodies                                                                         |
|-----------------------|--------------------------------------------------------------------------------------------|
| 21                    |                                                                                            |
| Clone Name:           | OTI4G3                                                                                     |
| Applications:         | ELISA, LMNX                                                                                |
| Recommended Dilution: | 1:100 - 1:1000                                                                             |
| Reactivity:           | Human, Mouse, Rat                                                                          |
| Host:                 | Mouse                                                                                      |
| lsotype:              | lgG1                                                                                       |
| Clonality:            | Monoclonal                                                                                 |
| Immunogen:            | Full length human recombinant protein of human RBBP9 (NM_006606) produced in HEK293T cell. |
| Formulation:          | Stored in PBS (pH 7.4) containing 0.05% sodium azide and up to 5% trehalose                |
| Concentration:        | 0.5 mg/ml                                                                                  |
| Conjugation:          | Unconjugated                                                                               |
| Storage:              | Store at -20°C.<br>Avoid repeat freeze/thaw cycles.                                        |
| Stability:            | Stable for 12 months from date of receipt.                                                 |
| Gene Name:            | RB binding protein 9, serine hydrolase                                                     |
| Database Link:        | <u>NP_006597</u><br><u>Entrez Gene 10741 Human</u><br><u>O75884</u>                        |
| Synonyms:             | BOG; RBBP10                                                                                |
| Matched ELISA Pair:   | TA700115, TA700116                                                                         |
